[John Hannah](#) [6]

**Studio(s):** [Anchor Bay Entertainment](#) [7]

**Genre:** [Action/Adventure](#) [8]

**Running Time:** 347 minutes

**Discs:** 2

In the second season of the ridiculously over the top Starz series, It follows Batiatus's rise to power from his father and aligning the situation for events of the first season. The show had to do this because Andy Whitfield, the actor who played Spartacus, became very ill with cancer and had to leave the show before they could film the next season. Sadly he died weeks before this show release of this show on video.
