With a hit as phenomenal as Glee you just knew there would eventually be game tie ins like Glee Karaoke. Konami, after receiving a bit of negative buzz on their first effort, return to the well with Glee Karaoke Revolution Volume 2. Reviewers have noted some improvements since the first game but shortcomings as well. I guess this can be tossed up to the whole "You Can't Please Everyone" motto. So what did I think of my time with Glee Karaoke Revolution Volume 2?
