Help Luigi overcome ghastly ghosts, mind-melting puzzles, and his own clumsiness in an all-new spooky adventure. Armed with his trusty Poltergust 5000—a ghost-catching vacuum cleaner—and all the courage of a wet napkin, the green-hatted hero needs your help to battle through five massive mansions full of hidden passages and bone-chilling challenges. Whether you're charging up the new strobe light to stun a slime-tossing Gobber ghost, revealing illusions with the new Dark Light Device, or reeling in multiple poltergeists with timely button presses, you'll need to use all of your paranormal survival skills.
