for sci-fi action and some disturbing images.

When electro-magnetic blasts begin to bombard Earth, only two men may be fully prepared for the coming apocalypse: A video store owner (Greg Grunberg of Heroes) and his film nerd pal (Neil Grayston of Eureka). But as anarchy, humongous dust storms and mom-incinerating meteors devastate the planet, can a pair of disaster-movie fanboys, their hero an institutionalized science fiction writer (Academy Award® nominee Brad Dourif of THE LORD OF THE RINGS) and a nuclear warhead be our last hope to save the world? Caroline Cave (The L Word) and Mark Hildreth (V) co-star in the new Syfy Original classic that SciFiVision.com calls the ultimate disaster movie to end all disaster movies!
