Director(s): [Tyler Walker](#) [6]

Genre: [Anime](#) [7]

Country(es): [Japan](#) [8]

Running Time: 300 Minutes

Seasons: 11

Discs: 4

When a mighty dragon attacks, Fairy Tail's most powerful members go missing for seven years. Once they finally return, they find that much about the Fiore Kingdom—and their guildmates—has changed. With the guild's headquarters and reputation in shambles, it's up to Natsu and the others to get Fairy Tail back to its former glory by accepting any jobs that come their way—like being dancing guards at a fancy magic ball and taking on the infamous Butt Jiggle Gang. Meanwhile, a mysterious girl appears with a strange item from Lucy's father—a relic that a secret order of wizards will stop at nothing to obtain. Will this artifact ultimately prove to be Fairy Tail's undoing?
