Taking place in Orlando, Florida, Quentin "Q" Jacobsen lives next door to Margo Roth Spiegelman, his childhood friend from whom he has since drifted, but still has feelings for. One night, when she climbs through his window and summons him on an all-night road trip of revenge, he cannot help but follow her lead. The next day, however, Margo doesn't come to school, and after a few days it becomes apparent she's missing. Q soon learns that there are clues in her disappearance that seem to be meant for him to make sense of. But as he gets deeper into the mystery and discovers more about the person Margo actually is, he becomes less sure of who and what he's looking for.
