Running Time: 85 min

[Official Website](#) [10]

PG

In Fort Mitchell, Kentucky, hundreds of people of all ages come to the Vent Haven Convention at the ventriloquism capital of the world. Even though the convention attendance is high in numbers, only a few performers stand out as truly unique. All of these entertainers, regardless of age, range from playing with their dummies as a hobby to performing on high-end cruise ships. But despite their success, they all have one thing in common: Their best friends are puppets.
